Please observe! This is a Fabric section, the graphic will be done in fabric material with PVC edge band. For graphic product in see "Fabric instruction no. 2"

1 Build your frame

2 Mount the 4 connectors at the outside in each corner.
Tip! if you mount the front connector 30 cm in on the frame you will have a small roof over your front module.

3 Mount the frame to the back wall and front module.
Attach the connector at the top hubs in all four corners.
